

INFORMATIONAL MEMORANDUM
OIR-07-13M
ISSUED
August 30, 2007
Florida Office of Insurance Regulation
Kevin McCarty, Commissioner

To All Property and Casualty Insurers, Residual and Alternative Markets, and Surplus Lines Providers in the State of Florida

Florida Catastrophic Event Data Reporting (CEDRA) Revisions

The purpose of this memorandum is to inform the insurance industry of the Office's expectations regarding disaster reporting in the event of a storm during or after the 2007 Hurricane Season.

To facilitate your understanding and use of the reporting mechanism, a period of voluntary industry testing and training for Data Collection Form Number: OIR-DO-1681 - SECTIONS A, B and C will begin September 4, 2007 and continue through September 30, 2007.

Industry testing of the Data Collection Form Number: OIR-DO-1681 - SECTION D will be scheduled upon the completion of the Section A, B, and C testing cycle outlined below:

Overview

Section 624.307, F.S., establishes the authority of the Office of Insurance Regulation (Office) to "collect, propose, publish, and disseminate information relating to the subject matter of any duties imposed upon it by law."

Each submission must be made on an individual basis. Combined or consolidated reports will not be accepted.

Rule 690-142.015(1), FAC, implements the collection of the data required by this form utilizing the Office's Industry Portal (IPortal). This was developed by the Office as an electronic data reporting mechanism with which required reporting entities are to submit form OIR-DO-1681. The Office's Industry Portal (IPortal) is located at <https://iportal.fldfs.com/ifile/default.asp>.

Access "Data Reporting", and then select

Catastrophic Event Data Reporting & Analysis OIR-DO-1681

from the reporting types listed. Follow the screen instructions contained in the IPortal to download and complete your test submission.

Use of the IPortal for the submission of this data reporting form is only authorized upon the issuance of Emergency Order by the Office as outlined in Rule 690-142.015(1), F.A.C. Once the initial reporting due date is established by the underlying Emergency Order, each required submitting entity will continue to report these data as frequently as the first and fifteenth calendar day of each month following the setting of the initial

reporting due date until such time as the Office deems the data collection complete. However, at any time during the reporting period, any required submitting entity reaching a ninety percent (90%) closure level for all related claims received by the reporting entity may complete their reporting obligation with a final complete submission.

Required Filers and General Reporting Definitions

All entities writing direct premiums in Florida and authorized, approved or otherwise eligible to provide the coverages indicated below are required to submit the following data as instructed by the Office’s Emergency Order(s) associated with this event:

1. Providing coverages as defined in Sections 627.4025(1) and 215.555(2)(c), F.S.
2. Providing the following non-residential property coverages, where *hurricane loss is not specifically excluded* in the policy’s outline of coverage:
 - a. Private Passenger Auto Physical Damage
 - b. Commercial Auto Physical Damage
 - c. Commercial Property, including Fire and Allied Lines
 - d. Commercial Multiple Peril, including Commercial Farm and Ranch
 - e. Farmowners Multiple Peril
 - f. Ocean Marine
 - g. Inland Marine
 - h. Aircraft
 - i. Boiler and Machinery

The lines of business specified in items 1 and 2 above are to be consistent with the general definitions provided by the National Association of Insurance Commissioners (NAIC) at http://www.naic.org/documents/industry_rates_pc_matrix.pdf For your convenience, the following grid shows the relationship between the data definitions discussed above, Annual Financial Statement Line and Definitions, and the Florida Office of Insurance Regulation Product Review Product Name. It is the “CEDRA Reporting Category” that is used on the data template portion of this reporting. If you are uncertain as to which CEDRA Reporting Category to use, you may contact the Office at DisasterReporting@fldfs.com.

The Office may perform a reasonability validation of the residential reporting collected with this form and the data submitted by your company in the "Commercial and Personal Residential Property Supplemental Quarterly Report" (QUASR) system as defined in Section 624.424(10), FS, and Rule 690-137.009, F.A.C.

All numeric values are to be whole numbers unless otherwise indicated on the reporting form.

When prompted in the CEDRA reporting module of the IPortal to "Select Data Reporting":

- "Data filing" means reporting entity has received property claims from the EVENT.
- "No Data filing" means the reporting entity has no property exposure in Florida, or, the reporting entity has property exposure in Florida but has received no property claims as a result of EVENT at the time of the data submission.

Please note: Computerized validations of your entered data are performed at the time you submit your CEDRA report. These validations are done "behind the scenes" by the Office's systems. The Industry Portal will notify you by email if you have missed a required cell or made a similar type of data entry error on the data template. At the same time your email notification is sent, your data template is returned to your Industry Portal Workbench so corrected data may be resubmitted.

The error-notification email displays the row and column designations as they appear on the data template.

Therefore, to facilitate the Office's prompt receipt of your CEDRA report, please review your data template carefully prior to submission. All validation check indicators must read "TRUE" for a successful submission.

If you need additional assistance with the corrections, please contact the Office via email at:
DisasterReporting@fldfs.com

As used in this section and as this template may be applied to Hurricane/Tropical Storm reporting, "EVENT" means a storm system that has been declared by the National Hurricane Center of the National Weather Service. The duration of the "reporting event" includes the time period, in Florida:

- a. Beginning at the time a storm watch or storm warning is issued for any part of Florida by the National Hurricane Center of the National Weather Service;
- b. Continuing for the time period during which the storm conditions exist anywhere in Florida; and
- c. Ending 72 hours following the termination of the last storm watch or storm warning issued for any part of Florida by the National Hurricane Center of the National Weather Service.

Other reporting "EVENTS" will be as defined by the Office in its implementing reporting order.

Section A: Aggregate Information - These data are to be provided on a statewide basis as it relates to the submitting individual carrier associated with this data submission. This section is to reflect your modeling and loss projections. It is assumed that these are based on exposures and reported losses and include all lines of business. As the "net retention" may include allowances for Catastrophe reinsurance treaties which include all lines effected during the reporting EVENT as defined above, the Office realizes that your data reported in Section A may include lines of business beyond the CEDRA REPORTING CATEGORIES describe in the table above.

The following are required Section A data elements:

1. **Dollar Amount of Estimated Gross Payable Loss from Event (Gross of Reinsurance)** is to be reported in whole dollars
2. **Projected Net Retention Resulting from the Event** is to be reported in whole dollars. Please note: The Office realizes this number may change in future reports as actual claims are reported, paid and settled with the reinsurers. It is vital for the Office to understand the impact of a catastrophe on an individual insurer as early as possible. Therefore, if necessary, an estimate projected net retention based on your reinsurance chart may be used until such time as actual projections are available.
3. **Dollar Amount of Estimated Gross Payable Loss from Event covered by Reinsurance or Other Loss-Transfer Agreements** this is an Auto-Calculation which subtracts "Projected Net Retention resulting from the Event" from "Dollar Amount of Estimated Gross Payable Loss from Event."

4. **Name and Version of Model Used for Financial Projections** allows a Maximum of 255 characters. If additional space is needed, please use "Supplementary Information" function in "Filing Component List" section of the Industry Portal.)

Section B: Mobile Response Unit Contact Information: Use as many lines as necessary. It should be submitted in its entirety and updated as needed each time.

In **Section C, "Claims and Payment by County of Occurrence,"** the submitter is to provide the following information for each county/area where claims were received for the reporting EVENT as described below.

Please do **NOT** include Claims associated with
Ocean Marine;
Inland Marine;
Aircraft;
Boiler and Machinery; or
Auto Physical Damage
 in your **Section C** reporting.

REQUIRED Section C Data Elements:

<p>Number of Claims Received include only those Florida claims received on a direct basis meeting the criteria discussed in the data template instructions AND only those claims associated with the CEDRA Reporting Categories indicated to the right.</p>	1. Personal Residential: Dwelling - Fire
	2. Personal Residential: Dwelling - Allied Lines
	3. Personal Residential - Farmowners
	4. Personal Residential - Owner Occupied
	5. Personal Residential - Condos
	6. Personal Residential - Mobile Homes
	7. Personal Residential - Tenants
	8. Commercial Residential: Dwelling - Fire (Condo Associations Only)
	9. Commercial Residential: Dwelling - Fire (Excluding Condo Associations)
	10. Commercial Non-Residential: Fire
	11. Commercial Residential: Dwelling - Allied Lines (Condo Associations Only)
	12. Commercial Residential: Dwelling - Allied Lines (Excluding Condo Associations)
	13. Commercial Non-Residential: Allied Lines
	14. Commercial Allied Lines: Time Element
	15. Commercial Residential: CMP (Condo Associations Only)
	16. Commercial Residential: CMP (Excluding Condo Associations)
	17. Commercial Non-Residential: CMP
<p>Indemnity Paid to Date (in whole dollars) is the total indemnity paid by the direct insurer, exclusive of applicable deductions and reserves. This includes, but is not limited to, additional living expenses (ALE), business interruption (BI), structure coverage, and contents coverage associated with the "Number of Claims Received" defined above. This may not exceed the policy limit for all coverages contained in the policy against which the claim was made. This does not include any claim expense or cost incurred by the direct insurer during the processing of the claim.</p>	
<p>Average Days to Close Claims is to be reported as a whole number. This is the average time from the receipt of the claims to the full settlement of the claims in "Number of Closed Non-Payment Claims" and "Number of Closed Payment Made Claims" categories defined above.</p>	
<p>Number of Closed Non-Payment Claims is "Number of Claims Received" that have been denied or where no payment is to be made to the policyholder. This also includes claims determined to be below the policy deductible. These claims are mutually exclusive from, and are not to be included in, the "Number of Closed Payment Made Claims" discussed below.</p>	

<p>Number of Closed Payment Made Claims is "Number of Claims Received" for which the claimant has received payment of the full, agreed upon settlement amount, and no additional payments are expected to be incurred by the insurer for this specific claim. These claims are mutually exclusive from, and are not to be included in, the "Number of Closed Non-Payment Claims" discussed above.</p>	
<p>Number of Open Claims is "Number of Claims Received" where settlement has not yet been reached, or, if settlement has been reached <i>and payment is due</i>, the claimant has not yet received payment of the full, agreed upon settlement amount.</p>	
<p>Number of Open Claims Open for 30 days or less is a subset of "Number of Open Claims" and to be reported as a whole number. Claims Aging begins with the date the claim was received.</p>	
<p>Number of Open Claims Open between 31 and 60 days is a subset of "Number of Open Claims" and to be reported as a whole number. Claims Aging begins with the date the claim was received.</p>	
<p>Number of Open Claims Open between 61 and 90 days is a subset of "Number of Open Claims" and to be reported as a whole number. Claims Aging begins with the date the claim was received.</p>	
<p>Number of Open Claims Open for more than 90 days is a subset of "Number of Open Claims" and to be reported as a whole number. Claims Aging begins with the date the claim was received.</p>	
<p>County/Area of Emergency Declaration Indicator is completed by the Office prior to the data template's release. If a row is labeled "Section D Reporting Required," the data for the row will need to be further detailed in Section D of the data template.</p>	
<p>Multiple Florida Counties This category only may be utilized for claims associated with the Commercial coverages indicated to the right AND only after every effort has been made to assign each claim to the specific county in which the loss occurred. Additional detail may be requested for each claim reported in this category.</p>	Commercial Residential: Dwelling - Fire (Condo Associations Only)
	Commercial Residential: Dwelling - Fire (Excluding Condo Associations)
	Commercial Residential: Dwelling - Allied Lines (Condo Associations Only)
	Commercial Residential: Dwelling - Allied Lines (Excluding Condo Associations)
	Commercial Residential: CMP (Condo Associations Only)
	Commercial Residential: CMP (Excluding Condo Associations)
	Commercial Non-Residential: Fire
	Commercial Non-Residential: Allied Lines
	Commercial Allied Lines: Time Element
	Commercial Non-Residential: CMP

Section C: Validation Checks
THE DATA IN SECTION C ARE REQUIRED DATA

Please note: Computerized validations of your entered data are performed at the time you submit your CEDRA report. These validations are done "behind the scenes" by the Office's computer systems. The Industry Portal will notify you by email if you have missed a required cell or made a similar type of data entry error on the data template. At the same time your email notification is sent, your data template is returned to your Industry Portal workbench area so that corrections can be made. The error-notification email displays the row and column designations as they appear on the data template.

Therefore, to facilitate the Office's prompt receipt of your CEDRA report, please review your data template carefully prior to submission. All validation check indicators must read "TRUE" for a successful submission.

If you need additional assistance with the corrections, please contact the Office via email at:
DisasterReporting@fldfs.com

SUBSECTION C1 "Claim Payment to Date" Validation (Excel cell D3)	"Claim Payments to Date" reported in Subsection C1 must not be greater than "Gross of Reinsurance" reported in Section A.
SUBSECTION C2 Row Validation 1:	"Number of Open Claims" "Number of Closed Non-Payment Claims" + " <u>Number of Closed Payment Made Claims</u> " "Number of Claims Received"
SUBSECTION C2 Row Validation 2:	"Number of Open Claims Open for 30 days or Less" "Number of Open Claims Open between 31 and 60 days" "Number of Open Claims Open between 61 and 90 days" + " <u>Number of Open Claims Open for more than 90 days</u> " "Number of Open Claims"
SUBSECTION C2 Row Validation 3:	If the "Number of Claims Received" = 0, then "Claim Payments to Date" must also = 0.
SUBSECTION C2 Row Validation 4:	"Average Days to Close Claims" must = 0, if the sum of "Number of Closed Non-Payment Claims" and "Number of Closed Payment Made Claims" = 0

If you have any questions, please contact the Office via email at:
